Re: Section 111(d)/129 State Plan for Other Solid
Waste Incineration Units (OSWI)

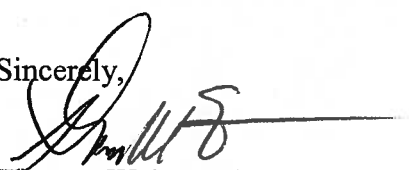

Dear Ms. Gade:

Pursuant to Section 129(b)(2) of the Clean Air Act, the Indiana Department of Environmental Management (IDEM) hereby submits a state plan to implement and enforce emission guidelines for existing Other Solid Waste Incineration (OSWI) units subject to federal regulations promulgated at 40 CFR Part 60, Subpart FFFF. The plan was developed in accordance with procedures established in 40 CFR 60, Subpart B.

IDEM held public hearings for the preliminary adoption of the state rule on December 6, 2006 and for final adoption on February 7, 2007. No comments were received during the public comment period or at the first and second public hearings. A public notice was published in newspapers throughout the state (Indianapolis, Gary, Ft. Wayne, and Jeffersonville) for preliminary and final adoption. The notice also stated that the draft state rule is available for review at IDEM, including the three regional offices, and four public libraries located across the state.

I request that U.S. EPA approve Indiana's state plan for OSWI units. If you have any questions regarding this submittal, please contact Susan Bem, Air Programs Branch, Office of Air Quality at 317-233-5697.

Sincerely,

Thomas W. Easterly
Commissioner

TWE/slb

Indiana
Section 111(d)/129 State Plan
Other Solid Waste Incineration Units

I Introduction

The purpose of this plan is to fulfill the requirements of Section 129(b)(2) of the Clean Air Act (CAA) that States submit a plan to implement and enforce emission guidelines for existing units subject to regulations promulgated pursuant to section 111(d) and 129 of the CAA. The plan demonstrates how Indiana will comply with the emission guidelines for existing “other solid waste incineration” (OSWI) units (i.e., very small municipal waste combustors and institutional waste incineration units) set forth in federal regulations.

II Background

Section 129 of the Clean Air Act (CAA) requires U.S. EPA to develop federal New Source Performance Standards (NSPS) pursuant to section 111 of the CAA for each category of solid waste incineration units. OSWI is one of the categories regulated under this provision. The NSPS are required to also include guidelines for states to use in regulating emissions from existing sources. On December 16, 2005, the U.S. EPA promulgated the NSPS for new OSWI units in 40 CFR Part 60, Subpart EEEE and Emission Guidelines for existing OSWI units in 40 CFR, Subpart FFFF (70 FR 74870). The Emission Guidelines apply to existing OSWI units constructed on or before December 4, 2004.

Section 129(b)(2) of the CAA requires each state in which an OSWI unit is operating to submit a plan to implement and enforce the guidelines for existing sources applicable to the OSWI source category. The emission guidelines are not directly enforceable and are implemented by the state air pollution control agencies through section 111(d)/129 state plans. The procedures for adoption and submittal of State Plans are contained in 40 CFR Part 60, Subpart B. If there are conflicting requirements, section 129 takes precedence over section 111(d).

The State Plan includes a state rule, 326 IAC 11-9, which establishes emissions standards for existing OSWI units consistent with 40 CFR Part 60, Subpart FFFF. The final state rule was adopted on February 7, 2007 and became effective on August 9, 2007.

III State Plan Requirements

The requirements of a CAA Section 111(d) and 129 State Plan are outlined in 40 CFR 60, Subpart B - Adoption and Submittal of State Plans for Designated Facilities. 40 CFR 60, Subpart B, along with 40 CFR 60, Subpart FFFF - Emission Guidelines for Other Solid Waste Incineration Units, were used to identify plan requirements.

A. 40 CFR 60, Subpart B, 60.24(a) - Criteria for an Adequate Enforceable Mechanism

IDEM has chosen a state rule as the enforceable mechanism to implement the other solid waste incineration unit emission guidelines. Indiana's rule (an incorporation by reference of the emission guidelines) contains emission limits and requirements for operator training and qualification, waste management plan, Title V permit, performance testing, reporting, and recordkeeping. The Indiana Air Pollution Control Board adopted the other solid waste incineration units rule on February 7, 2007 and the rule became effective on August 9, 2007. The state rule, 326 IAC 11-9, is attached as Appendix A.

B. 40 CFR 60, Subpart B, 60.26 - Demonstration of Legal Authority

The CAA Section 111(d)/129 State Plan must demonstrate that the state has the legal authority under current state law to adopt and implement the emission standards and compliance schedules found in the State Plan. In accordance with 40 CFR 60.26, a state must demonstrate an ability to meet four criteria with respect to legal authority. The four criteria are discussed below:

1) Authority to adopt emissions standards and compliance schedules applicable to designated facilities is found at Indiana Code (IC) 13-14-8, IC 13-17-3-4, IC 13-17-3-11, IC 13-17-3-14, and IC 13-17-13.

Indiana's statutes regarding the formation of rules and their standards are found in Indiana Code (IC) 13-14-8. This statute establishes the authority for the Indiana air pollution control board to adopt a rule that prescribes the following:

standards or requirements for discharge or emission specifying the maximum permissible short term and long term concentrations of various contaminants of the air, water, or land. (IC 13-14-8-7)

OSWI is a set of standards for limiting emissions into the air. Therefore, through IC 13-14-8-7, state law provides the authority to the air pollution control board to adopt this rule.

In addition, IC 13-17-3-4, IC 13-17-3-11, and IC 13-17-3-14 give the air pollution control board the authority to adopt rules pursuant to IC 4-22-2. In particular to OSWI, IC 13-17-3-14 allows the board to "set standards for ambient air quality for each region to effectuate the purposes of air pollution control laws." This statute allows the board to adopt additional rules, like OSWI, that will regulate ambient air quality. Also, IC 13-17-13, like IC 13-17-3-14, allows the air pollution control board to adopt rules that establish air emission limits less than required by a Title V air operating permit.

These statutes allow for the adoption of emission standards and limitations and other measures necessary for the enforcement of the OSWI emission guidelines.

2) Authority to enforce applicable laws, regulations, standards, and compliance schedules, and seek injunctive relief is established in IC 13-14-1-12, IC 13-14-2-7, IC 13-14-10-2, IC 13-17-3-3, IC 13-30-3, IC 13-30-4, and IC 13-30-6.

According to IC 13-14-1-12, the commissioner has the authority to enforce rules, “consistent with the purposes of air pollution control laws.” The commissioner also has the authority, under IC 13-14-2-7 and IC 13-17-3-3, to assess civil penalties and obtain compliance with any applicable rule of a board enforcing air pollution control laws. Also, IC 13-14-10-2 allows for an emergency restraining order that will prevent “any person causing or contributing to the alleged pollution to stop the ... introduction of contaminants causing or contributing to the pollution.”

In addition, IC 13-30-3 describes the enforcement and legal actions a state entity may take. IC 13-30-3 allows for an investigation of an alleged violation of an air pollution control law. IC 13-30-4 addresses civil penalties including the cost and waivers of the penalties. IC 13-30-6 lists environmental offenses, including intentional, knowing or reckless violations of air pollution control laws and knowingly making false documents or rendering inaccurate results. These offenses are criminally punishable in a court of law.

All of these statutes establish IDEM’s power to enforce applicable laws, regulations and standards, and to seek civil and criminal penalties.

3) Legal authority to obtain information necessary to determine whether designated facilities are in compliance with applicable laws is provided by IC 13-13-5-1, IC 13-14-1-3, IC 13-14-5, and IC 13-17-3-2.

IC 13-14-1-13 gives the commissioner the authority to establish and administer monitoring and reporting requirements “as necessary to carry out the duties and to exercise the powers in ... air pollution control laws.” Further, IC 13-17-3-2 gives the commissioner the authority to conduct inspections. Finally, IC 13-14-5 also establishes the authority to inspect facilities and gives details on how to carry out an inspection.

These statutes establish IDEM’s authority to obtain information through control measures and inspections and allow IDEM to require record keeping.

4) IDEM is required to maintain and make available to the public emissions monitoring data from designated facilities as provided in IC 5-14-3.

IC 5-14-3 establishes Indiana’s public record laws. Within this statute, “public record” is defined as:

any writing, paper, report, study, map, photograph, book, card, tape recording, or other material that is created, received,

retained, maintained, used, or filed by or with a public agency and which is generated on paper, paper substitutes, photographic media, chemically based media, magnetic or machine readable media, electronically stored data, or any other material, regardless of form or characteristics. IC 5-14-3-2(m).

This broad definition allows the information collected by the OSWI rule to be available to any member of the public upon request.

Also, IC 5-14-3 allows for copying and inspecting all public records and establishes certain circumstances in which records could not be disclosed. Overall, these statutes establish the law for public records and public record disclosure for Indiana.

C. 40 CFR 60, Subpart B, 60.25(a) & (c) - Source and Emissions Inventory

An inventory of affected OSWI sources, including emissions estimates for pollutants regulated by the emission guidelines, is a required part of the State Plan submission. The state rule, including the compliance schedule, applies to all affected sources in the state, including units not listed in the inventory. Therefore, if another source not on the state plan inventory list is discovered, it will not be necessary to resubmit the state plan. The inventory does not include sources that are exempt according to 40 CFR 60.2555. Table 1, below, provides a list of the one currently operating OSWI unit in Indiana subject to the state plan. Following Table 1 is a list of units from U.S. EPA's list of potentially affected sources that are either not operating or are not subject to OSWI.

Table 1. Existing OSWI Unit.

	Source Name	Plant ID	City	Design Capacity (lb/hr)
1	Bishop Noll Institute	089-00474	Hammond	600

Units from U.S. EPA's list of OSWI Sources – These units are either not operating or are not subject to OSWI.

	Source Name	Plant ID	Unit Name	City	Description
1	Naval Surface Warfare Center Crane	101-0005	B45	Crane	The unit has been removed from the site.

2	Purdue University - Wade Utility Plant	157-00012	No unit name provided in U.S. EPA's inventory	West Lafayette	Units at this facility are either animal carcass incineration units (not subject to OSWI) or low-level radioactive biological waste units that are exempt medical waste incineration units.
3	Indiana Veteran's Home	157-00009	590 lb/hr waste incinerator	West Lafayette	The unit has been removed from the site.

The emissions inventory is a comparison of potential emissions from the incinerator to the emission limits in 40 CFR 60, Subpart FFFF. Actual emissions data are not available; therefore, emissions were estimated using AP-42 emission factors and design capacity obtained from the affected sources. Appendix B includes the emission estimates for each source identified in the inventory.

D. 40 CFR 60, Subpart B, 60.24(a)-(e) & 40 CFR 60 Subpart FFFF - State Rule at Least as Protective as the Emission Guidelines

Indiana's other solid waste incineration rule (326 IAC 11-9) is at least as protective as the emission guidelines because it is an incorporation by reference of the federal emission guidelines, 40 CFR 60, Subpart FFFF. The emission limits, operating training and qualification, waste management plan, performance testing, and recordkeeping/reporting requirements are the same as required by the Emission Guidelines, 40 CFR 60, Subpart FFFF.

The final compliance date in 326 IAC 11-9 is August 9, 2010. Since the final compliance date is required to be no later than three years after U.S. EPA approval of the state plan, but no later than December 16, 2010, the final compliance date in the state rule is just as protective as the emission guidelines.

E. 40 CFR 60, Subpart B, 60.23(f) - Record of Public Hearings

IDEM held public hearings for the preliminary adoption of the state rule on December 6, 2006 and for final adoption on February 7, 2007. No comments were received during the public comment period or at the first and second public hearings.

A public notice was published in newspapers throughout the state (Indianapolis, Gary, Ft. Wayne, and Jeffersonville) for preliminary and final adoption. The notice also stated that the draft state rule is available for review at IDEM, including the three regional offices, and four public libraries located across the state. The affidavits for newspaper publication of notices of a public hearing are attached as Appendix C.

F. 40 CFR 60, Subpart B, 60.25(e) - Annual Progress Report on Plan Enforcement

Section 60.25(e) of Subpart B requires that the state submit progress reports as part of its annual reporting to U.S. EPA. The annual report must include enforcement actions, identification of the achievement of any increment of progress, and updates of the emission inventory for sources that achieve compliance, that are new or modified, that have shut down, and whose emissions have changed more than 5 percent from the most recently submitted emission data. IDEM will commence annual reporting pursuant to 40 CFR 60.25(e) one year after U.S. EPA publishes approval in the Federal Register of this state plan. The manner and form of reporting will be coordinated with U.S. EPA Region 5.

HISTORY

IC 13-14-9-7 Notice of Comment Period: October 11, 2006, Indiana Register (DIN: 20061011-IR-326060437FDA).

Notice of First Hearing: October 11, 2006, Indiana Register (DIN: 20061011-IR-326060437PHA).

Date of First Hearing: December 6, 2006.

Proposed Rule: December 27, 2006, Indiana Register (DIN: 20061227-IR-326060437PRA).

Notice of Public Hearing: December 27, 2006, Indiana Register (DIN: 20061227-IR-326060437PHA).

Date of Second Hearing: February 7, 2007.

326 IAC 11-9

SECTION 1. 326 IAC 11-9 IS ADDED TO READ AS FOLLOWS:

Rule 9. Other Solid Waste Incineration Units

326 IAC 11-9-1 Applicability

Authority: IC 13-14-8; IC 13-17-3-4; IC 13-17-3-11

Affected: IC 13-15; IC 13-17

Sec. 1. (a) This rule applies to an incineration unit that is an:

- (1) existing incineration unit as defined in 40 CFR 60.2992*; and
- (2) other solid waste incineration (OSWI) unit as defined in 40 CFR 60.3078* or air curtain incinerator described in 40 CFR 60.2994*. OSWI units are very small municipal waste combustion units and institutional waste incineration units as defined in 40 CFR 60.3078*.

(b) This rule does not apply to incineration units excluded under 40 CFR 60.2993*.

(c) Notifications, applications, and requests for excluded sources under 40 CFR 60.2993* shall be submitted to both the department and U.S. EPA.

*These documents are incorporated by reference and may be obtained from the Government Printing Office, 732 North Capitol, Washington, D.C. 20401 or are available for copying at the Indiana Department of Environmental Management, Office of Air Quality, Indiana Government Center-North, Tenth Floor, 100 North Senate Avenue, Indianapolis, Indiana 46204.

(Air Pollution Control Board; 326 IAC 11-9-1; filed Jul 10, 2007, 2:19 p.m.: 20070808-IR-326060437FRA)

326 IAC 11-9-2 Definitions

Authority: IC 13-14-8; IC 13-17-3-4; IC 13-17-3-11

Affected: IC 13-15; IC 13-17

Sec. 2. For purposes of this rule, these terms used in 40 CFR 60.3000 through 40 CFR 60.3078* are defined as follows:

- (1) "Administrator" means the commissioner of the department of environmental management.

(2) "You" means the owner or operator of an OSWI unit or air curtain incinerator subject to this rule.

*These documents are incorporated by reference and may be obtained from the Government Printing Office, 732 North Capitol, Washington, D.C. 20401 or are available for copying at the Indiana Department of Environmental Management, Office of Air Quality, Indiana Government Center-North, Tenth Floor, 100 North Senate Avenue, Indianapolis, Indiana 46204.

(Air Pollution Control Board; 326 IAC 11-9-2; filed Jul 10, 2007, 2:19 p.m.: 20070808-IR-326060437FRA)

326 IAC 11-9-3 Requirements; incorporation by reference of federal standards

Authority: IC 13-14-8; IC 13-17-3-4; IC 13-17-3-11

Affected: IC 13-15; IC 13-17

Sec. 3. The air pollution control board incorporates by reference the following sections of 40 CFR 60, Subpart FFFF, Emission Guidelines and Compliance Times for Other Solid Waste Incineration Units that Commenced Construction On or Before December 9, 2004:

- (1) 40 CFR 60.3000 through 40 CFR 60.3002 Compliance Schedule*.
- (2) 40 CFR 60.3010 through 40 CFR 60.3012 Waste Management Plan*.
- (3) 40 CFR 60.3014 through 40 CFR 60.3020 Operator Training and Qualification*.
- (4) 40 CFR 60.3022 through 40 CFR 60.3025 Emission Limitations and Operating Limits*, as amended by 71 FR 67806 (November 24, 2006)*.
- (5) 40 CFR 60.3027 and 40 CFR 60.3028 Performance Testing*.
- (6) 40 CFR 60.3030 and 40 CFR 60.3031 Initial Compliance Requirements*.
- (7) 40 CFR 60.3033 through 40 CFR 60.3036 Continuous Compliance Requirements*.
- (8) 40 CFR 60.3038 through 40 CFR 60.3044 Monitoring*.
- (9) 40 CFR 60.3046 through 40 CFR 60.3057 Record Keeping and Reporting*.
- (10) 40 CFR 60.3059 and 40 CFR 60.3060 Title V Operating Permits*.
- (11) 40 CFR 60.3061 Temporary-Use Incinerators and Air Curtain Incinerators Used in Disaster Recovery*.
- (12) 40 CFR 60.3062 through 40 CFR 60.3069 Air Curtain Incinerators that Burn Only Wood Waste, Clean Lumber, and Yard Waste*.
- (13) 40 CFR 60.3076 Equations*.
- (14) 40 CFR 60.3078 Definitions*.
- (15) 40 CFR 60, Subpart FFFF, Tables 1 through 5*, as amended by 71 FR 67806 (November 24, 2006)*.

*These documents are incorporated by reference and may be obtained from the Government Printing Office, 732 North Capitol, Washington, D.C. 20401 or are available for copying at the Indiana Department of Environmental Management, Office of Air Quality, Indiana Government Center-North, Tenth Floor, 100 North Senate Avenue, Indianapolis, Indiana 46204.

(Air Pollution Control Board; 326 IAC 11-9-3; filed Jul 10, 2007, 2:19 p.m.: 20070808-IR-326060437FRA)

326 IAC 11-9-4 Compliance deadlines

Authority: IC 13-14-8; IC 13-17-3-4; IC 13-17-3-11

Affected: IC 13-15; IC 13-17

Sec. 4. The final compliance date for 40 CFR 60, Subpart FFFF, Table 1* is the earlier of the following dates:

- (1) Three (3) years from the effective date of this rule.
- (2) December 16, 2010.

*This document is incorporated by reference and may be obtained from the Government Printing Office, 732 North Capitol, Washington, D.C. 20401 or are available for copying at the Indiana Department of Environmental Management, Office of Air Quality, Indiana Government Center-North, Tenth Floor, 100 North Senate Avenue, Indianapolis, Indiana 46204.

APPENDIX B

OSWI Emissions Comparison to 40 CFR 60, Subpart FFFF Limits

Appendix B. Comparison of Estimated Emissions from Waste Combustion with 40 CFR 60, Subpart FFFF Limits.

Pollutant	Emission Limit at 7% O ₂ (Subpart FFFF)	Emission Limit Units	Emission Factor (lb/ton)	Estimated Emissions converted to µg/dscm, gr/dscf, ppm
Bishop Noll Institute Design Capacity - 600 lb waste/hr				
PM	0.013	gr/dscf	7 ¹	380
SO ₂	3.1	ppm _v	2.5 ¹	116
NO _x	103	ppm _v	3 ¹	195
CO	40	ppm _v	10 ¹	1,064
HCl	15	ppm _v	33.5 ²	2,723
Pb	226	µg/dscm	0.0728 ³	9,032
Hg	74	µg/dscm	0.107 ⁴	13,275
Cd	18	µg/dscm	0.00548 ⁵	680
Dioxin/Furans	33 TEQ	ng/dscm	2.55 E-07 ⁶	32

mg/dscm = micrograms per dry standard cubic meter

ppm_{vd} = parts per million by dry volume

ng/dscm = nanograms per dry standard cubic meter

gr/dscf = grains per dry standard cubic feet

Conversion factors from AP-42

Cd, Hg, Pb, CDD/CDF – to convert lb/ton waste to µg/dscm: divide by 8.06 E-06

PM – to convert lb/ton waste to mg/dscm: divide by 8.06 E-03

HCl – to convert lb/ton waste to ppm_v: divide by 1.23 E-03

SO₂ – to convert lb/ton waste to ppm_v: divide by 2.15 E-02

NO_x – to convert lb/ton waste to ppm_v: divide by 1.54 E-02

CO – to convert lb/ton waste to ppm_v: divide by 9.4 E-03

1 µg/dscm = 4.34 E-07 gr/dscf

¹ - Emission factor from Table 2.1-12, Uncontrolled Emission Factors for Refuse Combustors other than Municipal Waste, U.S. EPA AP-42 Volume 1 5th Edition Supplement B Chapter 2.1, Refuse Combustion, October 1996.

² - Emission factor from Table 2.3-3, Emission Factors for Hydrogen Chloride (HCl) and Polychlorinated Biphenyls (PCBs) for Controlled Air Medical Waste Incinerators, U.S. EPA AP-42 Volume 1 5th Edition Chapter 2.3, Medical Waste Incineration, July 1993.

³ - Emission factor from Table 2.3-2, Emission Factors for Total Particulate Matter, Lead, and Total Organic Compounds (TOC) for Controlled Air Medical Waste Incinerators, U.S. EPA AP-42 Volume 1 5th Edition Chapter 2.3, Medical Waste Incineration, July 1993.

⁴ - Emission factor from Table 2.3-7, Emission Factors for Manganese, Mercury, and Nickel for Controlled Air Medical Waste Incinerators, U.S. EPA AP-42 Volume 1 5th Edition Chapter 2.3, Medical Waste Incineration, July 1993.

⁵ - Emission factor from Table 2.3-5, Emission Factors for Barium, Beryllium, and Cadmium for Controlled Air Medical Waste Incinerators, U.S. EPA AP-42 Volume 1 5th Edition Chapter 2.3, Medical Waste Incineration, July 1993.

⁶ - Emission factor from Table 2.3-18, Rotary Kiln Medical Waste Incinerator Emission Factors for Dioxins and Furans, U.S. EPA AP-42 Volume 1 5th Edition Chapter 2.3, Medical Waste Incineration, July 1993. Emission factor for total TCDF was selected to compare to the emission limit in TEQ (toxic equivalency basis).

APPENDIX C

Affidavits for Publication of Notice of Hearing

Karol Chuma IDEM

(Governmental Unit)

Lake County, IndianaTo: Northwest Indiana Newspapers601-45th Avenue, Munster, IN 46321LEGAL NOTICE OF
PUBLIC HEARING

Under 40 CFR 51.102 and IC 4-22-2-24, notice is hereby given that the Indiana Air Pollution Control Board (board) will hold public hearings at its regularly scheduled meeting on Wednesday, December 6, 2006. The meeting will convene at 1:00pm at the Indiana Government Center-South, Conference Room A, 402 W Washington St., Indianapolis, IN. The purpose of the hearings is to receive public comment prior to the proposed action. All interested persons are invited and will be given reasonable opportunity to express their views concerning a proposed action.

Copies of the draft or proposed rules are available to any person upon request and are available for public inspection at the following locations:

Indiana Department of Environmental Management, Office of Air Quality, Indiana Government Center-North, 100 N. Senate Ave., Suite 325, Indianapolis, IN 46204
Legislative Services Agency, One North Capitol Ave., Suite 325, Indianapolis, IN 46204
Indiana Department of Environmental Management, Northwest Office, Suite 1, 8315 Virginia St., Merrillville, IN 46410-9201

Indiana Department of Environmental Management, Northern Office, Suite 200, 220 W. Colfax, South Bend, IN 46601

Indiana Department of Environmental Management, Southwest Office, 1120 N. Vincennes Ave., P.O. Box 128, Petersburg, IN 47567-0128
Glendale Public Library, 6160 N. Keystone Ave., Indianapolis, IN 46220
Hammond Public Library, 564 State St., Hammond, IN 46320

Allen County Public Library, 900 Webster St., Fort Wayne, IN 46802
Evansville Vanderburgh County Public Library, 22 SE 5th Street, Evansville, IN 47708

Board documents may be viewed and downloaded from the Indiana Department of Environmental Management's Web site as early as one week prior to the meeting at <http://www.in.gov/idem/rules-packets/index.html#air>

Source Specific Best Available Control Technology (BACT) Categories. The purpose of this hearing is to receive public comment on amendments to 326 IAC 8-5-1 and new rules 326 IAC 8-5-6, Foundry core making operations and 326 IAC 8-5-7, Fuel grade ethanol production operations that are proposed for final adoption by the board.

The proposed rule that is the subject of this hearing would amend the applicability of 326 IAC 8-5-1 and add two sources specific rules to 326 IAC 8-5 for specific sources now subject to 326 IAC 8-1-6.

For additional information contact Sean Gorman at the Indiana Department of Environmental Management, Office of Air Quality, Room 1003, Indiana Government Center North, 100 North Senate Ave., Indianapolis or call (317)234-3533 or (800)451-6027 (ext.43533) (in IN).

2006 Annual Update to the References to the Code of Federal Regulations. The purpose of this hearing is to receive public comment on amendments to 326 IAC 1-1-3 that are proposed for preliminary adoption by the board.

The draft rule that is the subject of this hearing would amend 326 IAC 1-1-3 to mean the edition of the Code of Federal Regulations (CFR) in effect on June 30, 2006. The practical effect of this rulemaking is to update all references to the CFR in Title 326 of the Indiana Administrative Code to mean the June 30, 2006, edition of the CFR, thus updating existing federal rules that have been incorporated by reference into state rules, with the exception of those rules that are incorporated by reference and specified by a date certain.

For additional information contact Patricia at the Indiana Department of Environmental Management, Office of Air Quality, Room 1003, Indiana Government Center North, 100 N. Senate Ave., Indianapolis or call (317)233-6628 or (800)451-6027 (ext.38626) (in IN).

Municipal Waste Combustors Rule. The purpose of this hearing is to receive public comment on amendments to 326 IAC 11-7 that are proposed for preliminary adoption by the board.

TOTAL AMOUNT OF CLAIM

COST

The draft rule that is the subject of this hearing would amend 326 IAC 11-7 to incorporate amendments to federal air emission standards for existing municipal waste combustors (MWC). IDEM is proposing to adopt the same emission limits that are in the federal emission guidelines; the particulate matter, cadmium, lead and mercury limits will be updated to be consistent with current federal limits. IDEM is also proposing to repeal the compliance schedule for the original emissions limits since the revised emissions limits will be effective upon the effective date of this rulemaking.

For additional information contact Susan Bern at the Indiana Department of Environmental Management, Office of Air Quality, Room 1003, Indiana Government Center North, 100 N. Senate Ave., Indianapolis or call (317)233-5697 or (800)451-6027 (ext.3-5697) (in IN).

Other Solid Waste Incinerator Rule. The purpose of this hearing is to receive public comment on new rule 326 IAC 11-9 that is proposed for preliminary adoption by the board.

The draft rule that is the subject of this hearing would incorporate emission requirements for existing other solid waste incinerator (OSWI) units. OSWI units are very small municipal waste combustion and institutional waste incineration units. This rule will provide the legal mechanism to implement the emission guidelines for existing units and will be part of the state plan that IDEM will submit to U.S. EPA for approval, as required by Section (d) and 129 of the Clean Air Act.

For additional information contact Susan Bern at the Indiana Department of Environmental Management, Office of Air Quality, Room 1003, Indiana Government Center North, 100 North Senate Ave., Indianapolis or call (317)233-5697 or (800)451-6027 (ext.3-5697) (in IN).

For each hearing oral statements will be heard, but for the accuracy of the record, please submit statements in writing to the attendant designated to receive written comments at the public hearing.

A transcript of the hearing and all written submissions to the board at the public inspection at the Indiana Department of Environmental Management and copies may be made available to any person upon payment of reproduction costs. Any person heard or represented at the hearing or requesting notice shall be given written notice of the action of the board.

Hammond Public Library, 564 State Street, Hammond, Indiana 46320.

Allen County Public Library, 900 Webster Street, Fort Wayne, Indiana 46802.

Vanderburgh County Public Library, 22 SE 5th Street, Evansville, Indiana 47708.

Board documents may be viewed and downloaded from the Indiana Department of Environmental Management's Web site as early as one week prior to the meeting at <http://www.in.gov/Idem/rules/packets/index.html>.

Source Specific Best Available Control Technology (BACT) Categories. The purpose of this hearing is to receive public comment on amendments to 326 IAC 8-5-1 and new rules 326 IAC 8-5-6, Foundry core making operations and 326 IAC 8-5-7, Fuel grade ethanol production operations that are proposed for final adoption by the board.

The proposed rule that is the subject of this hearing would amend the applicability of 326 IAC 8-5-1 and add two source specific rules to 326 IAC 8-5 for specific sources now subject to 326 IAC 8-1-6.

For additional information, contact Sean Gorman at the Indiana Department of Environmental Management, Office of Air Quality, Room 1003, Indiana Government Center North, 100 North Senate Avenue, Indianapolis or call (317) 233-3533 or (800) 451-6027 (ext. 4-3533) (in Indiana).

2006 Annual Update to the References to the Code of Federal Regulations. The purpose of this hearing is to receive public comment on amendments to 326 IAC 1-1-3 that are proposed for preliminary adoption by the board.

The draft rule that is the subject of this hearing would amend 326 IAC 1-1-3 to mean the edition of the Code of Federal Regulations (CFR) in effect on June 30, 2006. The practical effect of this rule-making is to update all references to the CFR in Title 326 of the Indiana Administrative Code to mean the June 30, 2006, edition of the CFR, thus updating existing federal rules that have been incorporated by reference into state rules, with the exception of those rules that are incorporated by reference and specified by a date certain.

For additional information, contact Patrick Brady at the Indiana Department of Environmental Management, Office of Air Quality, Room 1003, Indiana Government Center North, 100 North Senate Avenue, Indianapolis or call (317) 233-8628 or (800) 451-6027 (ext. 3-8628) (in Indiana).

Municipal Waste Combustors Rule. The purpose of this hearing is to receive public comment on amendments to 326 IAC 11-7 that are proposed for preliminary adoption by the board.

The draft rule that is the subject of this hearing would amend 326 IAC 11-7 to incorporate amendments to federal air emission standards for existing municipal waste combustors (MWC). IDEM is proposing to adopt the same emission limits that are in the federal emission guidelines; the particulate matter, cadmium, lead and mercury limits will be updated to be consistent with current federal limits. IDEM is also proposing to repeal the compliance schedule for the original emissions limits since the revised emissions limits will be effective upon the effective date of this rulemaking.

For additional information, contact Susan Bern at the Indiana Department of Environmental Management, Office of Air Quality, Room 1003, Indiana Government Center North, 100 North Senate Avenue, Indianapolis or call (317) 233-5697 or (800) 451-6027 (ext. 3-5697) (in Indiana).

Other Solid Waste Incinerator Rule. The purpose of this hearing is to receive public comment on new rule 326 IAC 11-7 that is proposed for preliminary adoption by the board.

The draft rule that is the subject of this hearing would incorporate emission requirements for existing other solid waste incinerator (OSWI) units. OSWI units are very small municipal waste combustion units and institutional waste incineration units. This rule will provide the legal mechanism to implement the emission guidelines for existing units and will be part of the state plan that IDEM will submit to U.S. EPA for approval, as required by Sections 111(d) and 129 of the Clean Air Act.

For additional information, contact Susan Bern at the Indiana Department of Environmental Management, Office of Air Quality, Room 1003, Indiana Government Center North, 100 North Senate Avenue, Indianapolis or call (317) 233-5697 or (800) 451-6027 (ext. 3-5697) (in Indiana).

For each hearing, oral statements will be heard, but for the accuracy of the record, please submit statements in writing to the attendant designated to receive written comments at the public hearing. A transcript of the hearing and all written submissions to the board at the public hearing shall be open to public inspection at the Indiana Department of Environmental Management and copies may be made available to any person upon payment of reproduction costs. Any person heard or represented at the hearing or requesting notice shall be given written notice of the action of the board.

For additional information contact Susan Bem at the Indiana Department of Environmental Management, Office of Air Quality, Room 1003, Indiana Government Center North, 100 North Senate Avenue, Indianapolis or call (317) 233-5697 or (800) 451-6027 (ext.3-5697) (in Indiana). **Other Solid Waste Incinerator Rule.** The purpose of this hearing is to receive public comment on new rule 326 IAC 11-9 that is proposed for preliminary adoption by the board. The draft rule that is the subject of this

hearing would incorporate emission requirements for existing other solid waste incinerator (OSWI) units. OSWI units are very small municipal waste combustion units and institutional waste incineration units. This rule will provide the legal mechanism to implement the emission guidelines for existing units and will be part of the state plan that IDEM will submit to U.S. EPA for approval, as required by Sections 111(d) and 129 of the Clean Air Act. For additional information contact Susan Bem at the Indiana Department of Environmental Management, Office of Air Quality, Room 1003, Indiana Government Center North, 100 North Senate Avenue, Indianapolis or call (317) 233-5697 or (800) 451-6027 (ext.3-5697) (in Indiana). For each hearing oral statements will be heard, but for the accuracy of the record, please submit statements in writing to the attendant designated to receive written comments at the public hearing. A transcript of the hearing and all written submissions to the board at the public hearing shall be open to public inspection at the Indiana Department of Environmental Management and copies may be made available to any person upon payment of reproduction costs. Any person heard or represented at the hearing or requesting notice shall be given written notice of the action of the board. Kathryn A. Watson, Branch Chief, Office of Air Quality Individuals requiring reasonable accommodations for participation in this event should contact the Indiana Department of Environmental Management, Americans with Disabilities Act coordinator at: Attn: ADA Coordinator Indiana Department of Environmental Management 100 N. Senate Avenue Indianapolis, IN 46204 or call (317) 232-3077. Speech and hearing impaired callers may contact the agency via the Indiana Relay Service at 1-800-743-3333. Please provide a minimum of 72 hours notification.

(Governmental Unit)

Lake County, IndianaTo: Northwest Indiana Newspapers601-45th Avenue, Munster, IN 46321**Legal Notice of Public Hearings**

CLAIM

Under 40 CFR 51.102 and IC 4-22-2-24, notice is hereby given that the Indiana Air Pollution Control Board (board) will hold public hearings at its regularly scheduled meeting on Wednesday, February 7, 2007. The meeting will convene at 1:00 pm at the Indiana Government Center-South, Conference Room A, 402 West Washington Street, Indianapolis, Indiana. The purpose of the hearings is to receive public comment prior to the proposed action. All interested persons are invited and will be given reasonable opportunity to express their views concerning a proposed action.

Copies of the proposed rules are available to any person upon request and are available for public inspection at the following locations:

Indiana Department of Environmental Management, Office of Air Quality, Indiana Government Center-North, 100 North Senate Avenue, 10th floor-East wing, Indianapolis, Indiana 46204.

Legislative Service Agency, One North Capitol Avenue, Suite 325, Indianapolis, Indiana, 46204.

Indiana Department of Environmental Management, Northwest Office, Suite 1, 8315 Virginia Street, Merrillville, Indiana 46410-8201.

Indiana Department of Environmental Management, Northern Office, Suite 200, 220 W. Colfax, South Bend, Indiana 46601.

Indiana Department of Environmental Management, Southwest Office, 1120 North Vincennes Avenue, P.O. Box 128, Petersburg, Indiana 47567-0128.

Glendale Public Library, 6101 North Keystone Avenue, Indianapolis, Indiana 46220.

Hammond Public Library, 564 State Street; Hammond, Indiana 46320.

Allen County Public Library, 900 Webster Street; Fort Wayne, Indiana 46802.

Evansville Vanderburgh County Public Library, 22 SE 5th Street, Evansville, Indiana 47708.

Board documents may be viewed and downloaded from the Indiana Department of Environmental Management's Website as early as one week prior to the meeting at <http://www.in.gov/idem/rules/packets/index.html#air>.

Environmental Stewardship Program. The purpose of this hearing is to receive public comment on new rules at 326 IAC 25 that are proposed for final adoption by the board.

The proposed rule that is the subject of this hearing would add new rules 326 IAC 25-1; Environmental Stewardship Program and Comprehensive Local Environmental Action network community Challenge Program and 326 IAC 25-2; Regulatory Flexibility for the Environmental Stewardship Program, Comprehensive Local Environmental Action network community Challenge Program, and incorporation by Reference of NEPT incentives.

Indiana Department of Environmental Management (IDEM) has developed rule language for a new article at 326 IAC 25 concerning two voluntary performance-based leadership programs. The Environmental Stewardship Program (ESP) and Comprehensive Local environmental Action Network (CLEAN) are new Indiana programs that offer recognition and incentives for companies and units of local government that consistently demonstrate environmental stewardship and strive for continual environmental improvement initiatives in Indiana's environmental programs.

For additional information contact Christine Pedersen at the Indiana Department of Environmental Management, Office of Air Quality, Room 1003, Indiana Government Center North, 100 North Senate Avenue, Indianapolis or call (317) 233-6868 or (800) 451-0802 (ext. 3-6868) in Indiana.

2006 Annual Update to the References to the Code of Federal Regulations. The purpose of this hearing is to receive public comment on amendments to 326 IAC 1-1-3 that are proposed for final adoption by the board.

The proposed rule that is the subject of this hearing would amend 326 IAC 1-1-3 to mean the edition of the Code of Federal Regulations (CFR) in effect on June 30, 2006, edition of the CFR, thus updating existing federal rules that have been incorporated by reference and specified by a date certain. Additionally, redundant Federal Register citations throughout Title 326 are being deleted.

For additional information contact Patricia Troth at the Indiana Department of Environmental Management, Office of Air Quality, Room 1003, Indiana Government Center North, 100 North Senate Avenue,

Indianapolis or call (317) 233-6861 or (800) 451-6027 (ext. 3-3568) (in Indiana).

Municipal Waste Combustors Rules. The purpose of this hearing is to receive public comment on amendments 326 IAC 11-7 that are proposed for final adoption by the board.

The proposed rule that is the subject of this hearing would amend 326 IAC 11-7 to incorporate amendments to federal air emission standards for existing municipal waste combustors (MWC). IDEM is proposing to adopt the same emission limits that are in the federal emission guidelines; the particulate matter, cadmium, lead and mercury limits will be updated to be consistent with current federal limits. IDEM is also proposing to repeal the compliance schedule for the original emissions limits since the revised emissions limits will be effective upon the effective date of this rulemaking.

For additional information contact Susan Bern at the Indiana Department of Environmental Management, Office of Air Quality, Room 1003, Indiana Government Center North, 100 North Senate Avenue, Indianapolis or call (317) 233-6697 or (800) 451-6027 (ext. 3-5697) (in Indiana).

Other Solid Waste Incinerator Rule. The purpose of this hearing is to receive public comment on new rule 326 IAC 11-9 that is proposed for final adoption by the board.

The proposed rule that is the subject of this hearing would incorporate emission requirements for existing other solid waste incinerator (OSWI) units. OSWI units are very small municipal waste combustion units and institutional waste incineration units. This rule will provide the legal mechanism to implement the emission guidelines for existing units and will be part of the state plan that IDEM will submit to U.S. EPA for approval, as required by Sections 111(d) and 129 of the Clean Air Act.

For additional information contact Susan Bern at the Indiana Department of Environmental Management, Office of Air Quality, Room 1003, Indiana Government Center North, 100 North Senate Avenue, Indianapolis or call (317) 233-6697 or (800) 451-6027 (ext. 3-5697) (in Indiana).

Elimination of Vehicle Inspection and Maintenance Requirements in Clark and Floyd Counties. The purpose of this hearing is to receive public comment on amendments to 326 IAC 13-1.1 that are proposed for final adoption by the board.

The proposed rule that is the subject of this hearing would amend 326 IAC 13-1.1 to comply with IC 13-17-5 that voids Indiana's inspection and maintenance rule for Clark and Floyd Counties after December 31, 2006.

For additional information contact Christine Pedersen at the Indiana Department of Environmental Management, Office of Air Quality, Room 1003, Indiana Government Center North, 100 North Senate Avenue, Indianapolis or call (317) 233-6868 or (800) 451-0802 (ext. 3-6868) in Indiana.

For each hearing oral statements will be heard, but for the accuracy of the record, please submit statements in writing to the attendant designated to receive written comments at the public hearing.

A transcript of the hearing and all written submissions to the board at the public hearing shall be open to public inspection at the Indiana Department of Environmental Management and copies may be made available to any person upon payment of reproduction costs. Any person heard or represented at the hearing or requesting notice shall be given written notice of the action of the board.

Legal Notice of Public Hearings

P.O. Box 100 Fort Wayne, IN 46802

Under 40 CFR 51.102 and IC 4-22-2-24, notice is hereby given that the Indiana Air Pollution Control Board (board) will hold public hearings at its regularly scheduled meeting on Wednesday, February 7, 2007. The meeting will convene at 1:00 p.m. at the Indiana Government Center-South, Conference Room A, 402 West Washington Street, Indianapolis, Indiana. The purpose of the hearings is to receive public comment prior to the proposed action. All interested persons are invited and will be given reasonable opportunity to express their views concerning a proposed action.

Copies of the proposed rules are available to any person upon request and are available for public inspection at the following locations:

Indiana Department of Environmental Management, Office of Air Quality, Indiana Government Center-North, 100 North Senate Avenue, 10th floor-East wing, Indianapolis, Indiana 46204.

Legislative Services Agency, One North Capitol Avenue, Suite 325, Indianapolis, Indiana 46204.

Indiana Department of Environmental Management, Northwest Office, Suite 1, 8315 Virginia Street, Merrillville, Indiana 46410-9201.

Indiana Department of Environmental Management, Northern Office, Suite 200, 220 W. Colfax, South Bend, Indiana 46601.

Indiana Department of Environmental Management, Southwest Office, 1120 North Vincennes Avenue, P.O. Box 128, Petersburg, Indiana 47567-0128.

Glendale Public Library, 6101 North Keystone Avenue, Indianapolis, Indiana 46220.

Hammond Public Library, 564 State Street, Hammond, Indiana 46320.

Affon County Public Library, 900 Webster Street, Fort Wayne, Indiana 46802.

Evansville Vanderburgh County Public Library, 22 SE 5th Street, Evansville, Indiana 47708.

Board documents may be viewed and downloaded from the Indiana Department of Environmental Management's Web site as early as one week prior to the meeting at <http://www.in.gov/idem/rules/packets/index.html#air>.

Environmental Stewardship Program. The purpose of this hearing is to receive public comment on new rules at 326 IAC 25 that are proposed for final adoption by the board.

The proposed rule that is the subject of this hearing would add new rules 326 IAC 25-1, Environmental Stewardship Program and Comprehensive Local Environmental Action Network Community Challenge Program and 326 IAC 25-2, Regulatory Flexibility for the Environmental Stewardship Program, Comprehensive Local Environmental Action Network Community Challenge Program, and Incorporation by Reference of NEPT Incentives.

Indiana Department of Environmental Management (IDEM) has developed rule language for a new article at 326 IAC 25 concerning two voluntary performance-based leadership programs. The Environmental Stewardship Program (ESP) and Comprehensive Local Environmental Action Network (CLEAN) are new Indiana programs that offer recognition and incentives for companies and units of local government that consistently demonstrate environmental stewardship and strive for continual environmental improvement initiatives in Indiana's environmental programs.

For additional information contact Christine Pedersen at the Indiana Department of Environmental Management, Office of Air Quality, Room 1003, Indiana Government Center-North, 100 North Senate Avenue, Indianapolis or call (317) 233-6868 or (800) 451-0627 (ext. 3-6868) in Indiana.

2006 Annual Update to the References to the Code of Federal Regulations. The purpose of this hearing is to receive public comment on amendments to 326 IAC 1-1-3 that are proposed for final adoption by the board.

The proposed rule that is the subject of this hearing would amend 326 IAC 1-1-3 to mean the edition of the Code of Federal Regulations (CFR) in effect on June 30, 2006. The practical effect of this rulemaking is to update all references to the CFR in Title 326 of the Indiana Administrative Code to mean the June 30, 2006, edition of the CFR, thus updating existing federal rules that have been incorporated by reference into state rules, with the exception of those rules that are incorporated by reference and specified by a date certain. Additionally, redundant Federal Register citations through out Title 326 are being deleted.

For additional information contact Patricia Troth at the Indiana Department of Environmental Management, Office of Air Quality, Room 1003, Indiana Government Center North, 100 North Senate Avenue, Indianapolis or call (317) 233-5697 or (800) 451-6027 (ext. 3-3568) in Indiana.

Municipal Waste Combustors Rule. The purpose of this hearing is to receive public comment on amendments to 326 IAC 11-7 that are proposed for final adoption by the board.

The proposed rule that is the subject of this hearing would amend 326 IAC 11-7 to incorporate amendments to federal air emission standards for existing municipal waste combustors (MWC). IDEM is proposing to adopt the same emission limits that are in the federal emission guidelines; the particulate matter, cadmium, lead and mercury limits will be updated to be consistent with current federal limits. IDEM is also proposing to repeal the compliance schedule for the original emissions limits since the revised emissions limits will be effective upon the effective date of this rulemaking.

For additional information contact Susan Bern at the Indiana Department of Environmental Management, Office of Air Quality, Room 1003, Indiana Government Center North, 100 North Senate Avenue, Indianapolis or call (317) 233-5697 or (800) 451-6027 (ext. 3-5697) in Indiana.

Other Solid Waste Incinerator Rule. The purpose of this hearing is to receive public comment on new rule 326 IAC 11-9 that is proposed for final adoption by the board.

The proposed rule that is the subject of this hearing would incorporate emission requirements for existing other solid waste incinerator (OSWI) units. OSWI units are very small, municipal waste combustion units and institutional waste incineration units. This rule will provide the legal mechanism to implement the emission guidelines for existing units and will be part of the state plan that IDEM will submit to U.S. EPA for approval, as required by Sections 111(d) and 129 of the Clean Air Act.

For additional information contact Susan Bern at the Indiana Department of Environmental Management, Office of Air Quality, Room 1003, Indiana Government Center North, 100 North Senate Avenue, Indianapolis or call (317) 233-5697 or (800) 451-6027 (ext. 3-5697) in Indiana.

Elimination of Vehicle Inspection and Maintenance Requirements in Clark and Floyd Counties. The purpose of this hearing is to receive public comment on amendments to 326 IAC 13-1-1 that are proposed for final adoption by the board.

The proposed rule that is the subject of this hearing would amend 326 IAC 13-1-1 to comply with IC 13-17-5 that voids Indiana's inspection and maintenance rule for Clark and Floyd Counties after December 31, 2006.

For additional information contact Christine Pedersen at the Indiana Department of Environmental Management, Office of Air Quality, Room 1003, Indiana Government Center North, 100 North Senate Avenue, Indianapolis or call (317) 233-6868 or (800) 451-6027 (ext. 3-6868) in Indiana.

Legal Notice of Public Hearings

Under 40 CFR 51.102 and IC 4-22-2-24, notice is hereby given that the Indiana Air Pollution Control Board (board) will hold public hearings at its regularly scheduled meeting on Wednesday, February 7, 2007. The meeting will convene at 1:00 p.m. at the Indiana Government Center-South, Conference Room A, 402 West Washington Street, Indianapolis, Indiana. The purpose of the hearings is to receive public comment prior to the proposed action. All interested persons are invited and will be given reasonable opportunity to express their views concerning a proposed action.

Copies of the proposed rules are available to any person upon request and are available for public inspection at the following locations:
Indiana Department of Environmental Management, Office of Air Quality, Indiana Government Center-North, 100 North Senate Avenue, 10th floor-East wing, Indianapolis, Indiana 46204.
Legislative Services Agency, One North Capitol Avenue, Suite 325, Indianapolis, Indiana 46204.
Indiana Department of Environmental Management, Northwest Office, Suite 1, 8315 Virginia Street, Merrillville, Indiana 46410-9201.
Indiana Department of Environmental Management, Northern Office, Suite 200, 220 W. Colfax, South Bend, Indiana 46601.
Indiana Department of Environmental Management, Southwest Office, 1120 North Vincennes Avenue, P.O. Box 128, Petersburg, Indiana 47567-0128.
Glendale Public Library, 6101 North Keystone Avenue, Indianapolis, Indiana 46220.
Hammond Public Library, 564 State Street, Hammond, Indiana 46320.
Allen County Public Library, 900 Webster Street, Fort Wayne, Indiana 46802.
Evansville Vanderburgh County Public Library, 22 SE 5th Street, Evansville, Indiana 47708.

Board documents may be viewed and downloaded from the Indiana Department of Environmental Management's Web site as early as one week prior to the meeting at <http://www.in.gov/idem/rules/packages/index.html#air>.

Environmental Stewardship Program. The purpose of this hearing is to receive public comment on new rules at 326 IAC 25 that are proposed for final adoption by the board.

The proposed rule that is the subject of this hearing would add new rules 326 IAC 25-1, Environmental Stewardship Program and Comprehensive Local Environmental Action Network Community Challenge Program and 326 IAC 25-2, Regulatory Flexibility for the Environmental Stewardship Program, Comprehensive Local Environmental Action Network Community Challenge Program, and Incorporation by Reference of CLEP Incentives.

Indiana Department of Environmental Management (IDEM) has developed rule language for a new article at 326 IAC 25 concerning two voluntary performance-based leadership programs. The Environmental Stewardship Program (ESP) and Comprehensive Local Environmental Action Network (CLEAN) are new Indiana programs that offer recognition and incentives for companies and units of local government that consistently demonstrate environmental stewardship and strive for continual environmental improvement initiatives in Indiana's environmental programs.

For additional information contact Christine Pedersen at the Indiana Department of Environmental Management, Office of Air Quality, Room 1003, Indiana Government Center North, 100 North Senate Avenue, Indianapolis or call (317) 233-6868 or (800) 451-6027 (ext. 3-6868) in Indiana.

2006 Annual Update to the References to the Code of Federal Regulations. The purpose of this hearing is to receive public comment on amendments to 326 IAC 1-1-3 that are proposed for final adoption by the board.

The proposed rule that is the subject of this hearing would amend 326 IAC 1-1-3 to mean the edition of the Code of Federal Regulations (CFR) in effect on June 30, 2006. The practical effect of this rulemaking is to update all references to the CFR in Title 326 of the Indiana Administrative Code to mean the June 30, 2006, edition of the CFR, thus updating existing federal rules that have been incorporated by reference into state rules, with the exception of those rules that are incorporated by reference and specified by a date certain. Additionally, redundant Federal Register citations through out Title 326 are being deleted.

For additional information contact Patricia Troth at the Indiana Department of Environmental Management, Office of Air Quality, Room 1003, Indiana Government Center North, 100 North Senate Avenue, Indianapolis or call (317) 233-5681 or (800) 451-6027 (ext. 3-5681) in Indiana.

Municipal Waste Combustors Rule. The purpose of this hearing is to receive public comment on amendments to 326 IAC 11-7 that are proposed for final adoption by the board.

The proposed rule that is the subject of this hearing would amend 326 IAC 11-7 to incorporate amendments to federal air emission standards for existing municipal waste combustors (MWC). IDEM is proposing to adopt the same emission limits that are in the federal emission guidelines; the particulate matter, cadmium, lead and mercury limits will be updated to be consistent with current federal limits. IDEM is also proposing to repeal the compliance schedule for the original emissions limits since the revised emissions limits will be effective upon the effective date of this rulemaking.

For additional information contact Susan Bern at the Indiana Department of Environmental Management, Office of Air Quality, Room 1003, Indiana Government Center North, 100 North Senate Avenue, Indianapolis or call (317) 233-5697 or (800) 451-6027 (ext. 3-5697) in Indiana.

Other Solid Waste Incinerator Rule. The purpose of this hearing is to receive public comment on new rule 326 IAC 11-9 that is proposed for final adoption by the board.

The proposed rule that is the subject of this hearing would incorporate emission requirements for existing other solid waste incinerator (OSWI) units. OSWI units are very small municipal waste combustion units and institutional waste incineration units. This rule will provide the legal mechanism to implement the emission guidelines for existing units and will be part of the state plan that IDEM will submit to U.S. EPA for approval, as required by Sections 111(d) and 129 of the Clean Air Act.

For additional information contact Susan Bern at the Indiana Department of Environmental Management, Office of Air Quality, Room 1003, Indiana Government Center North, 100 North Senate Avenue, Indianapolis or call (317) 233-5697 or (800) 451-6027 (ext. 3-5697) in Indiana.

efore me, a notary public in and for said county and state, the undersigned
says that she is Legal Accounting Clerk of the Evansville Courier & Press
the English language in the (city) (town) of EVANSVILLE in state and

Indianapolis or call (317) 233-5697 or (800) 451-6027 (ext. 3-5697) in Indiana.
Elimination of Vehicle Inspection and Maintenance Requirements in Clark and Floyd Counties. The purpose
of this hearing is to receive public comment on amendments to 326 IAC 13-1.1 that are proposed for final
adoption by the board.

The proposed rule that is the subject of this hearing would amend 326 IAC 13-1.1 to comply with IC 13-17-
5 that voids Indiana's inspection and maintenance rule for Clark and Floyd Counties after December 31,
2006.

For additional information contact Christine Pedersen at the Indiana Department of Environmental
Management, Office of Air Quality, Room 1003, Indiana Government Center North, 100 North Senate Avenue,
Indianapolis or call (317) 233-6868 or (800) 451-6027 (ext. 3-6868) in Indiana.

For each hearing oral statements will be heard, but for the accuracy of the record, please submit statements
in writing to the attendant designated to receive written comments at the public hearing.

A transcript of the hearing and all written submissions to the board at the public hearing shall be open to
public inspection at the Indiana Department of Environmental Management and copies may be made avail-
able to any person upon payment of reproduction costs. Any person heard or represented at the hearing or
requesting notice shall be given written notice of the action of the board.
